Attention: Ms. Sue Kiser

Attention: Mr. Ray Sukys

Dear Ms. Kiser and Mr. Sukys:

With this letter, I am forwarding the Council of Fresno County Governments' (COFCG) Administrative Amendment No. 19, which makes technical adjustments to their 2004/05-2006/07 Federal Transportation Improvement Program (FTIP). Adjustments are made to two projects: City of Fowler Lump-Sum Pedestrian Facilities and City of Fresno Peach Avenue Medians with Landscaping and/or Irrigation. The City of Fowler project programs an additional \$1,400 of federal Congestion Mitigation and Air Quality Improvement Program funds and \$200 of local funds for the construction phase in Fiscal Year (FY) 2004/05. The addition of these funds does not exceed 20 percent of the total project cost. The City of Fresno project transfers \$25,000 of local Regional Transportation Surface Program funds and \$3,000 of local funds from FY 2004/05 construction funds to preliminary engineering. These actions fall within the definition of administrative actions.

These projects do not require a re-determination of the air quality conformity analysis and are exempt from conformity per Code of Federal Regulations Title 40 Section 93.126. This amendment does not affect timely implementation of Transportation Control Measures (TCM's) or financial constraints, and does not result in major scope changes.

These changes are included and submitted by COFCG through the California Transportation Improvement Program System.

Mr. Gene K. Fong and Mr. Leslie T. Rogers

Page 2

Since administrative amendments do not require Federal Highway Administration and/or Federal Transit Administration approval, this FTIP amendment has been amended into California's 2004/05-2006/07 Federal Statewide Transportation Improvement Program (FSTIP).

Please address any questions on this FSTIP approval request to Penny Gray of my staff, at (916) 654-3521.

Sincerely,

for Rachel Falsetti, Chief  
Office of Federal Transportation Management Program

Enclosure
